The organist will play a well maintained Schlicker organ and Baldwin baby grand piano. St. Paul’s has a strong tradition of music dating back to 1841. We seek someone to continue our history of praising God through music. www.saintpaulsmilwaukee.com

Organist & Director of Music Ministry – First Congregational Church, Dubuque, IA  the church has approximately 400 members and the Rev. Dr. Lillian Daniel is the new Senior Minister. The person chosen for the position will direct the Chancel Choir and Chancel Bells, as well as collaborate with and oversee the directors of the Sonrise Ringers, Youth Choir, and Cherub Choir. In consultation with Lillian Daniel, he/she will select music for the 8:30 and 10:30 AM Sunday worship services and additional services throughout the year. The church recently adopted the Glory to God ecumenical version hymnal. The Chancel Choir performs a service of Christmas Lessons & Carols and a passion cantata on Palm Sunday.

The church is home to a beautiful 3-manual, 33-rank pipe organ that was refurbished by Berghaus in 2011 (a $500,000 project). The position will pay up to $25,000, depending on the candidate's qualifications. He/she will be able to use the church's Kawai grand piano for teaching private lessons, as applicable. Other teaching opportunities at local colleges and music schools may be available, as well. Since rehearsals and services are on Wednesdays and Sundays, candidates will not be expected to relocate to Dubuque, IA.

The review of applications will begin immediately. For full consideration, please send cover letter and resume to Ruth Lyon, ruthlyon63@gmail.com.
Easter — and Spring — are right around the corner. Have you considered some spring cleaning; not just of your home, but of your repertoire? It is far too easy to get comfortable with the same collections and the same pieces. No doubt, they are all quite fine, but consider making room for something new and fresh — or something old and tried that you just don’t know yet. While there are many sources for new music, the Chapter has an extensive collection of donated music, most if which is in very good shape. Plan to browse our offerings at the next meeting. Everything is offered for a freewill donation to the Chapter.

If you were at the Michael Hey recital at Carroll University, you surely had an exciting and moving experience — I certainly did. But, if you wandered to the lobby to enjoy the offered reception, you found nothing there. This was all a result of an internal miscommunication on the part of Carroll University. The food staff thought the reception was to be done at 9:00 so they took everything away before the concert ended. The University apologized and cancelled our invoice for the reception that didn’t happen — no charge. It was disappointing, but at least it didn’t cost us. The recital was so wonderful that I hardly could complain about the lack of a reception. If you donated for the reception, look for an email from me concerning the status of your contribution — as soon as we can do an accounting.

I hope you are looking-forward to our Annual Organ-Crawl on March 12 in Sheboygan. There are some interesting and unusual instruments. Bring your shoes and your camera and be prepared for an informative and enjoyable time.

Check your email for a special posting concerning the candidates for the upcoming election in May. (Soon and very soon…)

AGO PIPE ORGAN ENCOUNTERS PROVIDE YOUTH AND
ADULTS WITH
OPPORTUNITIES FOR INTENSIVE STUDY OF THE KING
OF INSTRUMENTS

Nine Summer Programs for Teenagers and Adults Will Be Supported with Generous Funding from
the Associated Pipe Organ Builders of America, the American Institute of Organbuilders, and the
Jordan Organ Endowment

NEW YORK CITY—The American Guild of Organists (AGO) is proud to announce seven PIPE ORGAN ENCOUNTERS
(POEs) for students aged 13–18, one POE (Advanced) for students entering grades 9–12; and one POE+ for adults in 2016.
Complete contact information for each weeklong Pipe Organ Encounter can be found in The American Organist Magazine and
online at www.agohq.org. The summer schedule follows:

**POE for ages 13–18**

- June 26–July 1, Waverly, Iowa
- July 17–22, Lexington, Ky.
- July 24–29, Baltimore, Md.
- July 24–29, Atlanta, Ga.
- July 25–30, Salt Lake City, Utah
- August 7–13, Palo Alto, Calif.

**POE (Advanced) for grades 9–12**

- July 10–15, Cincinnati, Ohio

**POE+ for adults**

The PIPE ORGAN ENCOUNTER (POE) is an introduction to the pipe organ through instruction in organ playing, repertoire,
history, design, and construction. These regional summer music institutes for teenage students provide private and group
instruction in service playing and solo repertoire, opportunities to learn about the musical heritage of various religious
denominations, and a chance for young musicians to meet others with similar interests. Piano or organ proficiency ranging from
intermediate to advanced is required. Scholarship assistance is available.

The POE (Advanced) provides intermediate to advanced classes in areas such as organ literature, history, pipe organ
construction and design, music theory, improvisation, conducting, and service playing for students who have achieved a high
level of success in organ study. Scholarship assistance is available.

The POE+ is a summer program filled with practical information and instruction for adult keyboard musicians interested in
improving their service-playing skills. Participants will be introduced to basic organ skills through private instruction and
classes. The weeklong experience will lead to greater confidence and competence at the organ.

Generous funding from the Associated Pipe Organ Builders of America (APOBA), the American Institute of Organbuilders
(AIO), and the Jordan Organ Endowment will support the summer programs from coast to coast. “The AGO and APOBA have
enjoyed a mutually beneficial relationship since 1975,” declared AGO Executive Director James Thomashower. “Likewise, the
AIO has been active in supporting the Guild’s educational programs, beginning with their partnership in Pulling Out All the
Stops, a video produced jointly by the AGO, AIO, APOBA, the Organ Historical Society, and the American Theater Organ
Society in 1996. Collectively, APOBA and the AIO have contributed more than a half million dollars in support of the AGO’s
educational programs during our long association. In addition, we are delighted to have received a ten-year commitment of
support from the Jordan Organ Endowment at Columbus State University for our POE program. For all this committed
generosity in supporting the Guild’s mission—to enrich lives through organ and choral music—we are deeply grateful.”
